

METRO

1980

metro high 1980

Metro's 10th anniversary has come and gone but it will be remembered. During this School year we have had many trials and tribulations but we did survive. We survived because we stood together as one and in that unity we found strength.

To all the students and especially the graduates, I along with all the staff extend our thanks and congratulations.

Let us hope that Metro has taught each of you that in life everyone has a responsibility to themselves and to their fellow man. As you leave Metro understand the importance of your existence and what you must do to keep alive the philosophy of the school.

Edward Everett Hale expressed it years ago when he wrote:

I am only one
But still I am one
I cannot do everything
But still I Can do something;
And because I cannot do everything
I will not refuse to do the something
that I can do.

Good Luck to you in the future and all we ask is that you do the best you can, each day of your life.
