#### WHEN GOD CREATED TEACHERS

When the Lord was creating teachers He was into His fourth day of "overtime" when the angel appeared and said "You're doing a lot of fiddling around on this one"

And the Lord said "Have you read the demands on this order?" He has to be completely flexible but not plastic; have 100 moveable parts...all replaceable; run on donuts and black coffee; and four pairs of hands.

The angel shook her head and said "Four pairs of hands.....no way."

The Lord said "It's not the hands that's causing problems, it's the two pairs of eyes that this teacher must have."

"That's on the standard model?" asked the angel.

The Lord nodded. "One pair here in the back of his head that sees that he shouldn't but what he has to know, and of course the ones here in front that can look at a student when he goofs up and say, "I'm going to kill you" without uttering a word.

"Lord" come to bed the angel said.

Center Anna Sugioka,  
Student Teacher

"I can't" said the Lord, "I'm too close to creating something so close to myself".

The angel sighed, "The model teacher."

Bottom, Left:

Deatra Mah Di, Math;

The Lord said "You can't imagine what this teacher can do or endure."

Preston Garnett,

Coordinator (on Leave)

The angel said "can he think, reason and compromise?"  
"Yes."

Finally the angel touched the teacher's face and said "he has a leak."

"It's not a leak" said the Lord, "it's a tear."

What is it for?

It's for joy, loneliness, and sadness especially when he fails a student The angel signed, "Genius".

SAND DUNES

As we walk on the sand  
 We wish we were on solid land  
 Walking on a path we all look back  
 to laugh at the task we all passed  
 Looking at the trees we all wish we could  
 leave wondering when the trail will end  
 Even though it just began
